ARMY AROUND WORLD FLIERS REACH JAPAN

DIFFICULT LEG OF THE JOURNEY IS COMPLETED

THROUGH UNCHARTED SKIES
OVER ICY WATERS OF
NORTH ATLANTIC

ALONG BLEAK AND UNINHABIT-
ED COASTAL RE-
GION

(By United Press)
Paramushiru Island, Kuriles,
Japan, May 17.—The United
States army round the world
flight has reached Japan.

Three of the big army planes
which left Clover Field, Santa Mon-
ica in March, came winging into
Paramushiru Bay after a successful
flight from Chicago, Attu Island.

It was one of the most difficult
flights ever attempted and lead
through uncharted skies over the icy
waters of the North Pacific and
along the bleak and uninhabited
coasts.

The flight was the longest leg of
the ambitious effort of the army to
span the globe in the air, and was
considered the most dangerous.

Lieutenant Lowell H. Smith is in
command of the squadron, following
the mishap which forced the flag ship
Seattle with Commander Major Fred-
erick L. Martin to abandon the ex-
pedition.

The two other planes reaching
here were piloted by Lieutenants
Erick Nelson and Leigh Wade.

It was the first time airplanes ever
have flown from the North American
continent of Asia.

Japanese officials said the Ameri-
can destroyers with their crews were
awaiting the planes and cheered
their arrival.

The flight now will continue
through the Japanese Islands until
the airmen reach Tokyo where elab-
orate arrangements have been made
to honor them.

The Japanese naval and air forces
will co-operate, with the flight
through Japanese territory.

AMAZING RESULTS ARE ACHIEVED IN FRENCH HIGH EXPLOSIVE TEST

Paris, France, May 17, 1924.
—Amazing results were achieved to-
day in a scientific experiment in
which 10 tons of melinite were ex-
ploded on a plateau near Limoges in
the department of Haute Vienne.

The experiment was to test zones
of sound and silence and the effect
of the explosive on wind.

The blast was not heard at Tulle,
40 miles away, but was plainly
heard at Bordeaux, as well as at Wal-
sall and Birmingham, England, 500
miles away. Listeners on the Eiffel
Tower strained their ears in vain.

Although the explosion, perhaps
the most tremendous ever attempted,
tore a crater 20 feet deep and 65 feet
in diameter atmosphere consequences
apparently were slight, for animals
placed nearby were uninjured, with
exception of one little guinea pig
killed by a pebble.

ST. CLOUD MAN GETS SIX YEARS IN LEAVENWORTH

NICHOLAS LAHR GUILTY RESIST-
ING OFFICER WITH DAN-
GEROUS WEAPON

ALLEGED HE SHOT AND WOUND-
ED OLE OLSON, A FEDERAL
AGENT

(By United Press)
Fergus Falls, Minn., May 17.
—Nicholas Lahr, St. Cloud,
pleaded guilty to four counts in
the United States district court
early today, and was sentenced
by Judge Cant to six years in
Leavenworth on the first count for
resisting a federal officer with a
dangerous weapon.

It is alleged he shot and wounded
Ole Olson, federal agent, when the
latter attempted to raid Lahr's sa-
loon at St. Cloud, several months ago.
On the other counts he was sen-
tenced to three months for posses-
sion of liquor, fined \$400 for the
sale of liquor and sentenced to eight
months for conducting a nuisance.

He must serve the 11 months in
the St. Louis county jail before be-
ing taken to Leavenworth. Four
others pleaded guilty to charges of con-
spiracy to violate the prohibition
law by removing beer from the Pitzl
brewery at New Munich after it had
been placed under seal by federal
officials. The four are Valentine
Herman, fined \$1,000; Stanley Dobis,
fined \$1,000; Albin Bohmer, fined
\$650; and Joseph Sigmeth, fined
\$300.

COOLIDGE HAS A BAD COLD

WHITE HOUSE PHYSICIAN ORD-
ERS HIM TO KEEP TO HIS
ROOMS

(By United Press)
Washington, May 17.—President
Coolidge today was ordered by Brig.
Gen. Charles M. Sawyer, White
House physician, to keep his rooms
until the cold he has contracted
clears up.

Sawyer was very uncommunicative
after his visit, refusing to say whether
Mr. Coolidge has any fever.

"All I can say is that the presi-
dent is not disposed with a cold and
it is deemed advisable that he re-
main in his room and keep quiet un-
til he can return to his duties with-
out liability," he said.

Secretary Simpson, who visited the
president, minimized his indisposi-
tion, saying Mr. Coolidge had no
fever and there was nothing for the
country to worry about. He ex-
plained the president's trouble as a
cold in the bronchial tubes. All the
president's engagements have been
canceled except a luncheon at the
White House today for Mr. and Mrs.
Van Dusen of Minneapolis. The
president, however, will not be pres-
ent and Mrs. Coolidge will preside.

BONUS BILL MAY OVERRIDE COOLIDGE VETO

ALL FACTIONS CONCEDE SUCH
RESULT IN THE
HOUSE

HOUSE ORIGINALLY PASSED THE
MEASURE 355 TO
54

(By United Press)
Washington, May 17.—The
bonus bill came up in the house
again today to be passed over the
president's veto. All factions
conceded the result, the only
question being how great a ma-
jority.

The house originally passed the
measure by a vote of 355 to 54.

Little debate is expected on the
motion to override. Conceding the
house action, opponents of the bonus
are concentrating efforts in the sen-
ate where the result is uncertain.

The senate, however, is not ex-
pected to act on the veto until Mon-
day or Tuesday.

McNARY-HAUGEN BILL UP MAY 20

Washington, May 17.—The Mc-
Nary-Haugen farm relief bill will be
taken up by the house on May 20th
under a special rule reported by the
house rules committee today.

Fifteen hours of general debate
will be allowed and night sessions
will be held until the measure is dis-
posed of.

CLAIM MONEY USED TO FINANCE REVOLUTION

Washington, May 17.—An attempt
was made in the Daugherty investi-
gation today to show that the \$100-
000 loaned to Albert B. Fall by E. L.
Doheny, lessee of the naval oil re-
serve number one, was used to fi-
nance a revolution in Mexico.

Examining Warren H. Grimes, de-
partment of justice attorney, Senator
Wheeler demanded to know if the
department's files did not show that
"the alleged oil bribe of a cabinet
officer went to buy arms for a revolu-
tion in Mexico."

"They may, I am not sure about
that," Grimes replied.

RESTRICTIVE RAIL LEGISLATION FAILS

Washington, May 17.—The pro-
gressive-democratic coalition in the
senate today lost its first fight for
restrictive rail legislation when the
Gooding long and short haul bill
was thrown out of the army appro-
priations bill on a point of order by
a house vote of 49 to 25.

President pro tem Cummins upheld
the point of order raised by Senator
Wadsworth, New York, but Senator
Pittman of Nevada appealed from
the ruling of the chair and a vote
was taken. Twenty democrats de-
serted the coalition and voted to up-
hold the chair.

LITTLE DEBATES AS VETO IS OVERRIDDEN

Washington, May 17.—With little
debate, the house today passed the
soldier bonus bill over the president's
veto.

A number of members who voted
for the bill originally swung on the
veto to override, but that did not
affect the result which was a fore-
gone conclusion.

The measure now goes to the sen-
ate where it will be taken up Mon-
day or Tuesday, according to present
plans.

Chairman Madden, of the house
appropriations committee, opened the
debate on the bonus with the declar-
ation that he had always favored a
bonus but that he proposed to vote
to sustain the president's veto.

"I have always favored a bonus,"
said Madden, "but I am going to
follow the president."

WALTER J. HILL, RAILROAD KING, IN NEW ROMANCE

\$200,000 BREACH OF PROMISE
SUIT FILED AGAINST
HIM

APPEARS TO HAVE ELUDED THE
VIGILANCE OF PROCESS
SERVERS

(By United Press)
Chicago, May 17.—Walter J.
Hill, St. Paul, son of the late
James J. Hill, railroad king of
the northwest, today appeared
to have eluded the summons
servers in a \$200,000 breach of
promise suit filed here in behalf of
Mrs. Bessie Gottlov, handsome Chi-
cago divorcee.

The praecipe of the suit was filed
in the circuit court yesterday. Hill
was registered at a local hotel and
summons servers hurried over to
serve him but they discovered Hill
had gone and Attorney Frank Tyrrell
leaving. Mrs. Gottlov believes
Hill left the city to dodge service.

Personal service must be made be-
fore Hill can be forced to come into
court, it was stated.

Attorney Tyrrell refused to di-
vulge details of the alleged breach
of promise, and Mrs. Gottlov was
temporarily incommunicado.

It was made known, however, that
Mrs. Gottlov has letters and data
showing she was wooed by Hill and
that she divorced her husband as the
result of Hill's attentions.

Hill is one of the heirs to the fath-
er's estate estimated at \$12,000,000.
In 1921 Hill was divorced by his
first wife. She charged desertion
and in a property settlement made
out of court she is understood to have
received \$1,000,000.

In 1922 Hill married Mrs. Pauline
Gilason of New York, a divorcee. On
behalf of Mrs. Gottlov, it was stated,
she had been lead to believe Hill
would marry her.

FERCH WANTS TO DEBATE WITH MAGNUS

(By United Press)
Minneapolis, May 17.—Michael Ferch,
Minneapolis, candidate for the farm-
labor nomination for United States
senator, today challenged Senator
Magnus Johnson to a debate.

He said he will accuse Senator
Johnson of sponsoring pre-war pro-
paganda while in the legislature.

condition of the country had lead
him to change his position.

The vote was 313 to 78 or 53 more
than the necessary two-thirds major-
ity of those present and voting.
Three members voted present.

2 HIGH SCHOOL SENIORS FOUND DEAD IN CAR

MOUNTAIN ROAD OF MARYS-
VILLE, PA., SCENE OF
TRAGEDY

FATHER OF BOY LEADS POSSE TO
MOUNTAINS, AND BODIES
ARE FOUND

(By United Press)
Marysville, Pa., May 17.—
Two high school seniors were
found dead in an automobile at
Lamb's Gap, near here, early to-
day.

Miss Leah Ellenberger, 19, of Hol-
lidsburg, Pa., and Harry Ganster,
20, president of the senior class of
Marysville high school, are the vic-
tims.

Miss Ellenberger was here on a
vacation and went out for flowers
yesterday afternoon with young Gan-
ster whose school term ended yester-
day.

When the pair failed to return
last night, Joseph Ganster, the fath-
er, led a posse to the mountain. The
father found the automobile mired
along a mountain road shortly after
daybreak. Cumberland county au-
thorities who are investigating be-
lieve it to be a case of murder and
suicide.

Ganster's uncle, who accompanied
the posse returned here early today.
"I do not know how they were killed,"
he said. "There was a lot of
blood. I do not know if there was
a revolver in the car or not."

He was so broken up over the
tragedy that he could hardly speak.
Ganster's father, however, stayed
with the car which is on a lonely
one way log trail over the top of
seven mountains. The uncle was
sent back to tell young Ganster's
mother the boy had been found dead
and to notify authorities.

Rifle Shot Caused 2 Deaths

Marysville, Pa., May 17.—A single
shot from a rifle was responsible for
the murder of Miss Leah Ellenberger,
19, of Hollidsburg, Pa., and Harry
Ganster, 20, president of the gradu-
ating class of Marysville, authorities
investigating their deaths today dis-
closed.

The two high school seniors were
killed from ambush, according to po-
lice. The girl was sitting at the
steering wheel and the boy was as if
about to step into the car, his head
hanging over the side.

A single steel jacket bullet pen-
etrated the young man's head and
passed through the body of Miss El-
lenberger.

LOVE PIRATE MUST FACE CHARGES MADE

(By United Press)
New Orleans, May 17.—Dr. Robert
Frank, love pirate, wanted in
San Francisco for alleged bigamy,
Mann act charges and automobile
thefts, must return to the Pacific and
face the charges made against him.

This turn in the doctor's case was
made known today when Colonel
George Stanton, head of the local of-
ficers of the department of justice,
instructed that Dr. Frank, who had
been held in jail at New Iberia, La.,
for three weeks, be returned to the
coast for trial.

Frank is charged in San Francisco
with marrying and deserting Henri-
etta Bubb and later with stealing
an auto which he drove to St. Paul,
Minnesota where he married Julia
Cedarquist of Santa Rosa, California.
Tiring of the second marriage, the
doctor is alleged to have eloped at
Minneapolis with his second wife's
18 year old niece.

PALE, LITTLE GIRL, TEARS SWEEPING FACE

MILLCENT ROGERS SALM, \$40-
000,000 HEIRESS, IS HOME
AGAIN

"NOTHING TO SAY," SAID HER
FATHER, COL. ROGERS, OF
NEW YORK

(By United Press)
New York, May 17.—Millicent
Rogers Salm was home today, a
pale little girl who bit her lips
as if to keep from crying.

Henry Huddleston Roger, her gray
haired father, was with her, smiling,
but saying nothing.

And New York speculated on the
romance of the \$40,000,000 heiress
to the fortune which her grandfath-
er accumulated by years of toil in
helping to build up Standard Oil.
There was no word about Count Lu-
dwig Salm Von Hoogstraeten, dash-
ing middle-aged Austrian whose mar-
riage to the New York heiress last
January stunned her parents and
set the tongues of society of two
continents awag.

"We have nothing to say," H. H.
Rogers said with a smile of satisfac-
tion as the party arrived here on the
LaFrance from Havre.

"We have nothing to say," smiled
A. H. Larkin, Roger's attorney.

"I have nothing to say," the pale
little girl echoed but she could not
force a smile.

So the Countess Von Salm, who a
few months ago was Millicent Rog-
ers, darling of New York society and
one of the richest girls in the world
—an heiress of 21 without a care in
the world—came back to face the
society that has talked of little else
since she eloped with the adventur-
ous nobleman.

PROPOSES SWITCHING MISSISSIPPI RIVER INTO NEW COURSE

St. Paul, May 17.—A new Mississippi
river water way to the Great Lakes
through Wisconsin was proposed to-
day to the Mississippi Valley confer-
ence by O. J. Peters of Portage.

The route would be via the Wiscon-
sin river as far as Portage and from
there through a chain of lakes to
Lake Winnebago and down the Fox
River to Green Bay on Lake Michigan.
The conference took no action on
the Peters proposal.

Arrival today of three 150 ton
barges from the south gave impetus
to the plan of the greater St. Paul
committee for development of a sys-
tem of light barge transports on the
Mississippi to St. Paul and Minneap-
olis. The barges belonged to the River
Transit company. Those arriving to-
day were the Winona, Ramsey and
LaCrosse. The Goodhue is now being
loaded at Clinton, Iowa.

"Light barge transportation on the
upper Mississippi is inevitable," said
J. S. Brodie, head of the transit com-
pany.

It is simply a question of get-
ting the shippers to patronize this
form of navigation and show them that
it can be worked profitably.

St. Paul, May 17.—Safe blowers

made at noon and a postal inspector
was sent to the scene.

PENNSYLVANIA MAN ASKS ABOUT "BETTER SIRES DAY"

The fame of Brainerd's Better
Sires Day has gone far afield, and
County Agent E. G. Roth is in re-
ceipt of a letter from Harry C. Craig,
proprietor of "Overlook Farm," near
Curtisville, Pa., asking about the
pure-bred sire movement, stating
that he read about the event in The
Dispatch.

He states that there are between
three and four thousand farmers in
Clarion county where he resides, and
that they have never succeeded in
getting together on any matter of
improvement, although surrounding
counties have done a great deal in
this line.

Now the farmers of the county are
trying to work out a proposition
much like the pure-bred sires move-
ment of Crow Wing county, and
County Agent Roth is asked to give
them information as to carrying out
these plans.

Mr. Craig is a former Brainerd
resident, residing here between the
years of 1880 and 1890, and will be
remembered by many of the older
residents.

house rules committee today.

Fifteen hours of general debate
will be allowed and night sessions
will be held until the measure is dis-
posed of.

CLAIM MONEY USED TO FINANCE REVOLUTION

Washington, May 17.—An attempt
was made in the Daugherty investi-
gation today to show that the \$100,-
000 loaned to Albert B. Fall by E. L.
Doheny, lessee of the naval oil re-
serve number one, was used to fi-
nance a revolution in Mexico.

Examining Warren H. Grimes, de-
partment of justice attorney, Senator
Wheeler demanded to know if the
department's files did not show that
"the alleged oil bribe of a cabinet
officer went to buy arms for a revolu-
tion in Mexico."

"They may, I am not sure about
that," Grimes replied.

RESTRICTIVE RAIL LEGISLATION FAILS

Washington, May 17.—The pro-
gressive-democratic coalition in the
senate today lost its first fight for
restrictive rail legislation when the
Gooding long and short haul bill
was thrown out of the army appro-
priations bill on a point of order by
a house vote of 49 to 25.

President pro tem Cummings upheld
the point of order raised by Senator
Wadsworth, New York, but Senator
Pittman of Nevada appealed from
the ruling of the chair and a vote
was taken. Twenty democrats de-
serted the coalition and voted to up-
hold the chair.

LITTLE DEBATES AS VETO IS OVERRIDDEN

Washington, May 17.—With little
debate, the house today passed the
veteran bonus bill over the president's
veto.

A number of members who voted
for the bill originally swung on the
veto to override, but that did not
affect the result which was a fore-
gone conclusion.

The measure now goes to the sen-
ate where it will be taken up Mon-
day or Tuesday, according to present
plans.

Chairman Madden, of the house
appropriations committee, opened the
debate on the bonus with the declar-
ation that he had always favored a
bonus but that he proposed to vote
to sustain the president's veto.

"I have always favored a bonus,"
said Madden, "but I am going to
follow the president."

Madden said the present financial

EUROPEAN EXPRESS TRAIN WRECKED; 4 KILLED, MANY HURT

(By United Press)
London, May 17.—The famous
Simplon-Orient express train
was wrecked last night when it
crashed into a freight train at
Adersberg, near Lalback on the
Italian frontier, a Central News
dispatch from Vienna said today.

Four persons were killed and
many injured, five of them so se-
riously they may die.

Four coaches of the train were
smashed.

A switchman committed suicide
with a pistol when accused of negli-
gence in connection with the ac-
cident.

WALTER J. HILL, RAILROAD KING, IN NEW ROMANCE

\$200,000 BREACH OF PROMISE
SUIT FILED AGAINST
HIM

APPEARS TO HAVE ELUDED THE
VIGILANCE OF PROCESS
SERVERS

(By United Press)
Chicago, May 17.—Walter J.
Hill, St. Paul, son of the late
James J. Hill, railroad king of
the northwest, today appeared
to have eluded the summons
servers in a \$200,000 breach of
promise suit filed here in behalf of
Mrs. Bessie Gottlov, handsome Chi-
cago divorcee.

The praecipe of the suit was filed
in the circuit court yesterday. Hill
was registered at a local hotel and
summons servers hurried over to
serve him but they discovered Hill
had gone and Attorney Frank Tyr-
rell leaving. Mrs. Gottlov believes
Hill left the city to dodge service.

Personal service must be made be-
fore Hill can be forced to come into
court, it was stated.

Attorney Tyrrell refused to di-
vulge details of the alleged breach
of promise, and Mrs. Gottlov was
temporarily incommunicado.

It was made known, however, that
Mrs. Gottlov has letters and data
showing she was wooed by Hill and
that she divorced her husband as the
result of Hill's attentions.

Hill is one of the heirs to the fa-
ther's estate estimated at \$12,000,000.
In 1921 Hill was divorced by his
first wife. She charged desertion
and in a property settlement made
out of court she is understood to have
received \$1,000,000.

In 1922 Hill married Mrs. Pauline
Gillson of New York, a divorcee. On
behalf of Mrs. Gottlov, it was stated,
she had been lead to believe Hill
would marry her.

NATIONAL EDITORIAL ASSOCIATION MEETING

(By United Press)
St. Paul, May 17.—Editors of pa-
pers in Minnesota, North Dakota and
Wisconsin will gather here tonight
and go together to the annual con-
vention of the National Editorial As-
sociation at Oklahoma City, Okla., to
be held May 22, 23 and 24.

FERCH WANTS TO DEBATE WITH MAGNUS

(By United Press)
Minneapolis, May 17.—Michael Ferch,
Minneapolis, candidate for the farm-
labor nomination for United States
senator, today challenged Senator
Magnus Johnson to a debate.

He said he will accuse Senator
Johnson of sponsoring pre-war pro-
paganda while in the legislature.

condition of the country had lead
him to change his position.

The vote was 313 to 78 or 53 more
than the necessary two-thirds major-
ity of those present and voting.
Three members voted present.

2 HIGH SCHOOL SENIORS FOUND DEAD IN CAR

MOUNTAIN ROAD OF MARYS-
VILLE, PA., SCENE OF
TRAGEDY

FATHER OF BOY LEADS POSSE TO
MOUNTAINS, AND BODIES
ARE FOUND

(By United Press)
Marysville, Pa., May 17.—
Two high school seniors were
found dead in an automobile at
Lamb's Gap, near here, early to-
day.

Miss Leah Ellenberger, 19, of Hol-
lidsburg, Pa., and Harry Ganster,
20, president of the senior class of
Marysville high school, are the vic-
tims.

Miss Ellenberger was here on a
vacation and went out for flowers
yesterday afternoon with young Gan-
ster whose school term ended yester-
day.

When the pair failed to return
last night, Joseph Ganster, the fa-
ther, led a posse to the mountain. The
father found the automobile mired
along a mountain road shortly after
daybreak. Cumberland county au-
thorities who are investigating be-
lieve it to be a case of murder and
suicide.

Ganster's uncle, who accompanied
the posse returned here early today.
"I do not know how they were killed,"
he said. "There was a lot of
blood. I do not know if there was
a revolver in the car or not."

He was so broken up over the
tragedy that he could hardly speak.
Ganster's father, however, stayed
with the car which is on a lonely
one way log trail over the top of
seven mountains. The uncle was
sent back to tell young Ganster's
mother the boy had been found dead
and to notify authorities.

Rifle Shot Caused 2 Deaths

Marysville, Pa., May 17.—A single
shot from a rifle was responsible for
the murder of Miss Leah Ellenberger,
19, of Hollidsburg, Pa., and Harry
Ganster, 20, president of the gradu-
ating class of Marysville, authorities
investigating their deaths today dis-
closed.

The two high school seniors were
killed from ambush, according to po-
lice. The girl was sitting at the
steering wheel and the boy was as if
about to step into the car, his head
hanging over the side.

A single steel jacket bullet pene-
trated the young man's head and
passed through the body of Miss El-
lenberger.

LOVE PIRATE MUST FACE CHARGES MADE

(By United Press)
New Orleans, May 17.—Dr. Robert
Frank, love pirate, wanted in
San Francisco for alleged bigamy,
Mann act charges and automobile
thefts, must return to the Pacific and
face the charges made against him.

This turn in the doctor's case was
made known today when Colonel
George Stanton, head of the local of-
ficers of the department of justice,
instructed that Dr. Frank, who had
been held in jail at New Iberia, La.,
for three weeks, be returned to the
coast for trial.

Frank is charged in San Francisco
with marrying and deserting Hen-
retta Bubb and later with stealing
an auto which he drove to St. Paul,
Minnesota where he married Julia
Cedarquist of Santa Rosa, California.
Tiring of the second marriage, the
doctor is alleged to have eloped at
Minneapolis with his second wife's
18 year old niece.

DETROIT, MICH., BANK HELD UP; 2 BANDITS GET \$30,000

escaped with \$30,000.

PALE, LITTLE GIRL, TEARS SWEEPING FACE

MILICENT ROGERS SALM, \$40,-
000,000 HEIRESS, IS HOME
AGAIN

"NOTHING TO SAY," SAID HER
FATHER, COL. ROGERS, OF
NEW YORK

(By United Press)
New York, May 17.—Millicent
Rogers Salm was home today, a
pale little girl who bit her lips
as if to keep from crying.

Henry Huddleston Roger, her gray
haired father, was with her, smiling,
but saying nothing.

And New York speculated on the
romance of the \$40,000,000 heiress
to the fortune which her grandfather
accumulated by years of toil in
helping to build up Standard Oil.
There was no word about Count Lud-
wig Salm Von Hoogstraeten, dash-
ing middle-aged Austrian whose mar-
riage to the New York heiress last
January stunned her parents and
set the tongues of society of two
continents awag.

"We have nothing to say," H. H.
Rogers said with a smile of satisfac-
tion as the party arrived here on the
LaFrance from Havre.

"We have nothing to say," smiled
A. H. Larkin, Roger's attorney.

"I have nothing to say," the pale
little girl echoed but she could not
force a smile.

So the Countess Von Salm, who a
few months ago was Millicent Rog-
ers, darling of New York society and
one of the richest girls in the world
—an heiress of 21 without a care in
the world—came back to face the
society that has talked of little else
since she eloped with the adventur-
ous nobleman.

PROPOSES SWITCHING MISSISSIPPI RIVER INTO NEW COURSE

St. Paul, May 17.—A new Mississippi
river water way to the Great Lakes
through Wisconsin was proposed to-
day to the Mississippi Valley confer-
ence by O. J. Peters of Portage.

The route would be via the Wiscon-
sin river as far as Portage and from
there through a chain of lakes to
Lake Winnebago and down the Fox
River to Green Bay on Lake Michigan.
The conference took no action on
the Peters proposal.

Arrival today of three 150 ton
barges from the south gave impetus
to the plan of the greater St. Paul
committee for development of a sys-
tem of light barge transports on the
Mississippi to St. Paul and Minneapo-
lis. The barges belonged to the River
Transit company. Those arriving to-
day were the Winona, Ramsey and
LaCrosse. The Goodhue is now being
loaded at Clinton, Iowa.

"Light barge transportation on the
upper Mississippi is inevitable," said
J. S. Brodie, head of the transit com-
pany.

It is simply a question of get-
ting the shippers to patronize this
form of navigation and show them that
it can be worked profitably.

POST OFFICE SAFE IS BLOWN AT DENNISON

St. Paul, May 17.—Safe blowers
last night broke into the post office
at Dennison, Minnesota, and cleaned
out the safe after blowing it open
with nitro glycerine.

No check of the loss had been
made at noon and a postal inspector
was sent to the scene.

GENERAL MANAGER OF "KINO-
GRAMS" SHOWS PERSONAL
INTEREST

BRAINERD CHAMBER OF COM-
MERCE CO-OPERATION RE-
VEALED TO WORLD

"Better Sires Day" moving
pictures, recording in permanent
form the cattle apportionment,
parade, and many other features
of the day which has given the
Brainerd Chamber of Commerce
wide renown for its spirit of co-op-
eration with the farmers of our com-
munity, have been completed in re-
cord time by "Kinograms" at their
New York headquarters and will be
shown at the New Park theatre in
Brainerd on Wednesday and Thurs-
day, May 21 and 22.

The Strand theatre, Minneapolis,
will show the pictures on May 18
and 19.

This is a great achievement in
photography and shows the progres-
sive spirit of the "Kinogram" people.
Harvey Day, general manager of
"Kinograms," took a personal inter-
est in the Brainerd pictures.

The release, made throughout the
United States, will give "Better Sires
Day" at Brainerd publicity as was
never before accorded a civic under-
taking in this section.

PENNSYLVANIA MAN ASKS ABOUT "BETTER SIRES DAY"

The fame of Brainerd's Better
Sires Day has gone far afield, and
County Agent E. G. Roth is in re-
ceipt of a letter from Harry C. Craig,
proprietor of "Overlook Farm," near
Curtisville, Pa., asking about the
pure-bred sire movement, stating
that he read about the event in The
Dispatch.

He states that there are between
three and four thousand farmers in
Clarion county where he resides, and
that they have never succeeded in
getting together on any matter of
improvement, although surrounding
counties have done a great deal in
this line.

Now the farmers of the county are
trying to work out a proposition
much like the pure-bred sires move-
ment of Crow Wing county, and
County Agent Roth is asked to give
them information as to carrying out
these plans.

Mr. Craig is a former Brainerd
resident, residing here between the
years of 1880 and 1890, and will be
remembered by many of the older
residents.

Big Cottonwood "Grows" Horns
On the north road out of Denver, between that city and Golden, is a freak of nature which has afforded much interest to thousands who have stopped to view it. The freak is nothing less than the skull and antlers of a deer grown into a large cottonwood tree, the antlers protruding into full view, twelve feet above the ground, while the skull is completely embedded beneath the bark.

In 1858, J. R. Boyd, seeking a location for himself and family, unyoked his oxen and pitched camp on Clear Creek, on what is now the north road leading from Denver to Golden. Later he filed on a hundred-and-sixty-acre homestead, where he built a cabin which still stands. His son, a fifteen-year-old boy, lassoed a four-point buck deer from a herd which was grazing in that vicinity. The boy tied the buck to the tree, and his father killed it.

When they were dressing the deer, the boy carelessly tossed the skull and antlers into the fork of the tree. Deer were so plentiful in those days that the pioneers didn't bother with the antlers unless they were of unusual size. Left in the fork of the tree, the horns in time became part of it. The forks of the tree, however, pressed upon the sharp edges of the skull, and eventually grew around it. Finally one of the forks died, and the other became the trunk of the tree. The projecting antlers new look as if they grew out of the tree. All of the eight points are plainly visible. The old cottonwood is now a massive tree, nearly three feet in diameter.—Western Story Magazine.

If You Want Flowers at Home, Prepare Now

Flowers are enjoyed by everyone, and are so easily raised from seed that any home can have an abundance of blossoms during the entire season.

Flowers are usually known as annuals, biennials and perennials. Annuals bloom and ripen seed the first year and then die. Biennials do not generally bloom the first year. They reach their perfection the second season only. Perennials bloom for years in succession. Some bloom the first year from seed sown early. They should be planted in a permanent place.

Among the annuals are the asters, alyssum, bachelor buttons, balsam, cosmos, larkspur, marigold, pink, mignonette, nasturtium, pansy, verbena, poppy, phlox, sweet peas, zinnia, etc.

If you do not care to bother with the seed and wish to have flowers early in the summer, you can have them by placing the plants in beds instead of the seed. Asters, cosmos and zinnias can be secured from the florists.

Delicias, gladiolas and cosmos should be planted now. They should be placed six inches beneath the surface and they require about two or three weeks to come up. They are easily injured by frost, but there is time enough before they sprout that the frost danger is likely to be past.

Gladiola bulbs may be set out every two weeks up to July 1st. This will assure flowers until late in fall.

Window boxes should be prepared now. Drill drainage holes in the bottom of the box, fill with a layer of stone, then a layer of dirt covered with a layer of rich manure. Fill the box with rich black dirt and allow the box to sun. Florists will give information on when to plant. Geraniums, petunias or Marguerites—with vinca vine for a drape are very popular for vases and window boxes.

For an early show in your yard, put in a canna bed with a coleus border. The enormous clusters of bloom borne on spikes above broad leaves of green and bronze, in tropical effect, characterize the canna bed of today. No public park or garden private home or school ground can do without a canna bed.

Did you ever notice when you are driving up and down the city streets and avenues you seem to recognize a distinct personality about the different homes you pass? Some of them will be unpleasant, even frowning in their impressions on you, while the others will call out a welcome.

There is such a bewildering variety of vines to select from and good enough to please the most exacting taste. If you wish to decorate the pillars or cover a bare spot on the high foundation or cover and hide a fence or some other back yard objection, any of the following rapid growers can be used—morning glory, American ivy, woodbine, Virginia creeper, cinnamon vine, Englemanni vine, clematis, kudza vine, wistaria, etc.

As a support for any vine there is nothing better than heavy wire trellis netting tacked firmly at the upper and lower edges of woodwork. This keeps the heavy part of foliage on the outside and acts as a screen from strong winds. Few people see the furniture and beautiful interiors

Big Cottonwood "Grows" Horns
On the north road out of Denver, between that city and Golden, is a freak of nature which has afforded much interest to thousands who have stopped to view it. The freak is nothing less than the skull and antlers of a deer grown into a large cottonwood tree, the antlers protruding into full view, twelve feet above the ground, while the skull is completely embedded beneath the bark.

† † †
In 1858, J. R. Boyd, seeking a location for himself and family, unyoked his oxen and pitched camp on Clear Creek, on what is now the north road leading from Denver to Golden. Later he fled on a hundred-and-sixty-acre homestead, where he built a cabin which still stands. His son, a fifteen-year-old boy, lassoed a four-point buck deer from a herd which was grazing in that vicinity. The boy tied the buck to the tree, and his father killed it.

† † †
When they were dressing the deer, the boy carelessly tossed the skull and antlers into the fork of the tree. Deer were so plentiful in those days that the pioneers didn't bother with the antlers unless they were of unusual size. Left in the fork of the tree, the horns in time became part of it. The forks of the tree, however, pressed upon the sharp edges of the skull, and eventually grew around it. Finally one of the forks died, and the other became the trunk of the tree. The projecting antlers now look as if they grew out of the tree. All of the eight points are plainly visible. The old cottonwood is now a massive tree, nearly three feet in diameter.—Western Story Magazine.

If You Want Flowers at Home, Prepare Now

Flowers are enjoyed by everyone, add wonderfully to surroundings, and are so easily raised from seed that any home can have an abundance of blossoms during the entire season.

Flowers are usually known as annuals, biennials and perennials. Annuals bloom and ripen seed the first year and then die. Biennials do not generally bloom the first year. They reach their perfection the second season only. Perennials bloom for years in succession. Some bloom the first year from seed sown early. They should be planted in a permanent place.

Among the annuals are the asters, alyssum, bachelor buttons, balsam, cosmos, larkspur, marigold, pinks, nigella, nasturtium, pansy, verbena, poppy, phlox, sweet peas, zinnia, etc.

If you do not care to bother with the seed and wish to have flowers early in the summer, you can have them by placing the plants in beds instead of the seed. Asters, cosmos and zinnias can be secured from the florists.

Daffodils, gladiolas and cosmos should be planted now. They should be placed six inches beneath the surface and they require about two or three weeks to come up. They are easily injured by frost, but there is time enough before they sprout that the frost danger is likely to be past.

Gladiola bulbs may be set out every two weeks up to July 1st. This will assure flowers until late in fall.

Window boxes should be prepared now. Drill drainage holes in the bottom of the box, fill with a layer of stone, then a layer of dirt covered with a layer of rich manure. Fill the box with rich black dirt and allow the box to sun. Florists will give information on when to plant. Geraniums, petunias or Marguerites—with vinca vine for a drape are very popular for vases and window boxes.

For an early show in your yard, put in a canna bed with a clematis border. The enormous clusters of bloom borne on spikes above broad leaves of green and bronze, in tropical effect, characterize the canna bed of today. No public park or garden private home or school ground can do without a canna bed.

Did you ever notice when you are driving up and down the city streets and avenues you seem to recognize a distinct personality about the different homes you pass? Some of them will be unpleasant, even frowning in their impressions on you, while the others will call out a welcome.

There is such a bewildering variety of vines to select from and good enough to please the most exacting taste. If you wish to decorate the pillars or cover a bare spot on the high foundation or cover and hide a fence or some other back yard objection, any of the following rapid growers can be used—morning glory, American ivy, woodbine, Virginia creeper, cinnamon vine, Engelmann vine, clematis, kudza vine, wistaria, etc.

As a support for any vine there is nothing better than heavy wire trellis netting tacked firmly at the upper and lower edges of woodwork. This keeps the heavy part of foliage on the outside and acts as a screen from strong winds. Few people see the furniture and beautiful interiors this once.—St. Cloud Journal Press.

CAMPAIGN AGAINST SUNDAY SALES

ST. PAUL is being treated to a novel campaign, and the question, "What can be sold Sunday" is agitating hundreds of small grocery and confectionery owners. Seventeen of their number were brought into court, charged with sales on the sabbath.

Judge John L. Rounds, in referring to the laws on the subject, said they could not legally sell anything, even milk, but that in the case of such a necessity, violation of the law would be overlooked. Some of the store owners claimed that bread and a can of pork and beans was just as much of a necessity, when the refrigerator on the back porch was empty of all provisions.

Cooked meals may be served, the state law says, but uncooked meat, groceries and foods may not be sold. The neighborhood grocers claim the communities want them to remain open for emergencies.

The moving party in this campaign for Sunday closing of the small stores is the St. Paul Retail Grocers' association, which seeks to enforce the law which provides that grocery stores must close on Sunday. Test purchases were made by a committee of the organization last Sunday and more stores will be visited this Sunday.

As punishment for first offenses, \$5 fines were imposed by Judge Rounds, and then rebated. The operators of the small groceries will engage counsel, it is said, and will have a meeting at which the attorney general, city attorney and judges will be asked to explain the law.

There is another point involved, and that is this. The stores in the regular downtown district of St. Paul close Sundays. They pay high rents and engage many clerks. The neighborhood store, on the other hand, is open evenings and Sundays, has little clerk hire for in most cases the family do the clerking. They offer competition which is unhampered by any regulations imposed upon the large stores of the St. Paul Retail Grocers' association.

TO WAR OR NOT TO WAR

PACIFISTS and anti-pacifists are engaged in argument in the 34th quadriennial convention of the Methodist Episcopal church and the topic which brought it all about was an anti-war resolution.

The resolution expressed opposition to all wars, even self defense being declared no excuse for taking up arms. The committee on state of church adopted it by a vote of 76 to 37. An amendment making an exception of wars fought in self defense was voted down. This all took place at Springfield, Massachusetts, seat of the convention.

That such sentiment is not unanimous throughout the nation, may be noted in the incident recorded in Chicago, where students and faculty of the Garrett Biblical Institute of Northwestern university took a vote on the general conference memorial against war.

One hundred and twenty-four approved refusing participation in war at any cost. One lone girl rose to her feet, faced all the opposition and voted "no."

Here was the valiant Miss Inez Traxler's argument:

"If the Japanese fleet were to sail to our coast tomorrow and fire on our flag would you stand on the street corners, look heavenward and pray?"

"If they came in and ravaged your home, dragged out your family and attacked them, would you fold your arms and pray down blessings on them?"

"World peace is the goal of every thinking person. But universal peace does not seem possible until the teachings of Christ bear full fruit. Certainly I am for peace, but not the peace of leaving one's country to the mercy of an attacking force. It is the duty of all persons to defend their country in the event of war. I am for peace, but not for peace at any price."

STATE CONFERENCE OF SOCIAL WORK

BRAINERD is interested in the State Conference of Social Work which will take place at the University Farm September 6 to 12, because the president of the conference is Mrs. W. H. Gemmell of Brainerd.

Problems of the family will be one of the principal subjects of discussion at this conference, to which the entire public is invited. Among the aspects of the family situation to be taken up will be: Effect of modern communication and transportation on family solidarity. Distress to which rural family life has been subjected because of industrial conditions. Lack of recreation from the family standpoint. Social costs of common law marriage. Laws governing desertion and abandonment. Administration of laws on mother's allowance in county districts.

Other sections of the conference will be devoted to children's problems, neighborhood, delinquency and health. A larger attendance from among county commissioners, county child welfare boards, probate judges and social workers of the state than ever before is anticipated. The University of Minnesota will officially be host to the conference and has thrown open the dormitories at University Farm for use of the public during the conference at 50 cents a day.

RADIO ENLIVEN FARM TEDIUM

THE department of agriculture recently completed a farm survey which showed that 145,000 farm families are now equipped with radio receiving sets. Based upon an estimate of five persons to a family, which is very low, as the average farmer loads eight into his car, this would mean that there are now 750,000 or more radio enthusiasts who can tune in and hear the various programs put on at broadcasting stations.

It's not alone the instrumental music and singing that interests every member, but Mr. Farmer also gets quick knowledge of the markets, how grain and hogs are quoted, if this or that center is glutted or is short, and it thus exerts a powerful influence in proper marketing, which will benefit all farming interests.

The radio has added its influence and like the automobile, good roads and telephone, has served to reduce any isolation he may have suffered. All these agencies have served to bring us more into one large community and thus solidifying our national life.

ROADS IN COUNTY IN GOOD SHAPE

Data Compiled From Reports Made
by County Highway Engineer
Murphy

MOTORISTS PLAN TOURS

State Road No. 1 Now Claimed to be
One of Best Graveled Roads
in State

Roads throughout the county are
in good condition generally, accord-
ing to County Highway Engineer
Walter M. Murphy, who gives out the
following data for the assistance of
motorists planning Sunday tours:

State Road No. 1. (Thirteenth
street south to Morrison county
line.) This road is in very good con-
dition, being one of the best gravelled
roads in the state. Recent rains
have helped greatly to improve it.
Morrison county is building a road
to connect with it and the paving at
Belle Prairie.

State Road No. 2. (Dewey High-
way.) Running east and west
through the southern tier of town-
ships this road is travelable its full
length although narrow in places.
The road will be shortened this year,
cutting off four miles in its length.

State Road No. 3. (Merrifield,
Cross lake and Emily) Mill avenue
to river bridge in excellent shape.
Bridge to Merrifield rough. To Cross
lake very good. Sandy stretch of
one mile east of lake, balance of road
to Emily is good.

The P. W. Roark Construction Co.,
have the contract for the reconstruction
of the road from the bridge to
Merrifield, and has established its
camp at the Spencer sand pit six
miles north of Brainerd. Work was
begun on Thursday, and it is expect-
ed that it will be completed by July
1st. The highway will be kept open
to travel at all times during the re-
construction work.

State Road No. 4. (Crosby, Emily
and north to Cass county line.) Cros-
by north to river bridge through hills
roadway is good though there are
many sharp turns and narrow fills.
Bridge to Fairfield town line, six
miles, fair, rough in places, detour
has been abandoned at Perry lake.
To Emily, excellent, to Outing and
Cass county line, good.

The bids are advertised for one
and one-half miles of new highway
from the Mississippi bridge south,
and it is expected the contract will
be let at the next meeting of the
commissioners. The old road will be
used during this construction. Ap-
proaches to the bridge have been sur-
faced and the grade to the north ap-
proach has been cut down and guard
rails installed. Stumps have been
taken out of the road between Emily
and Outing, and this highway is to
be widened and improved by county
forces, starting next week.

State Road No. 5. (Deerwood, Bay
Lake and south.) Deerwood to Bay
lake, good, rough in places, Bay lake,
over new road along lake shore to
the Workman corner where it con-
nects with Trunk Highway No. 18,
is in very good condition. This is
a very scenic drive, especially at this
time of year when the trees are leav-
ing out. A ditcher is draining the
Workman swamp so that there will
be no difficulty in keeping the road
through the swamp in condition.

White Lines generally throughout
the county are in excellent shape.
Special mention is made of Whiteline
No. 10, from Hunt's corner north to
Breezy Point, known locally as "The
Inland Trail." Surfacing on this
road has been carried on with the
use of county money and this work is
to be completed within two weeks,
only sandy spots receiving attention.
This road shortens the distance from
Brainerd to Breezy Point over the
road by way of Pequot. The distance
by way of Merrifield is 20.1
miles.

White Line No. 9, from Pequot
east along new grade built last year
skirting the north shore of Pelican
lake and connecting with State Road
No. 3, is very good. Experiments
were carried on with marl on this
road, which are very successful, and
the surface is improving every day.

All white lines in the county are
to be marked at once. Black boards
are to be used, about one foot square,
the marking being a white line just
above the number of the road. These
signs will be placed on the right side
of the road at right angles. They
are the idea of the county engineer
and are being made up by the county
forces.

DISTRICT COURT PROCEEDINGS

John M. Helger vs Parker-Kellogg
Lumber Co., et al on
Trial

CONCERNS LAND LEASE

Plaintiff Alleges Trees Were Cut
Down Without His
Knowledge

In district court Saturday, the case
of John M. Helger against Parker-
Kellogg Lumber Co., a corporation,
Nels Larson and Perry A. Larson,
was on trial.

This case concerns the leasing of
four acres of land on the shores of
Cross lake, belonging to the plaintiff,
which he alleges were valuable as
summer resort property, the value be-
ing greatly enhanced by reason of
a number of fine trees growing there-
on.

The plaintiff further alleges that
the defendants, who leased the land,
cut down and removed these trees
without the knowledge or consent of
the owner, damaging the property in
the sum of \$3,500.

The jurors drawn on this case are
Mrs. F. A. Knights, Mrs. Bert Con-
liff, P. W. Evans, R. L. Hall, Mrs.
N. Kauffmann, Charles Long, Mrs.
Isabel Thayer, Andrew Anderson,
Earl Moore, Mrs. A. C. Weber, Ole
Lystad and Ned Bowman.

Mal Clark is attorney for Mr. Hel-
ger, and M. E. and C. A. Ryan are
attorneys for the defendants.

Golf Seems to Have

Taken Hold in Japan

Japan is perhaps one of the last
places in which one would expect golf
to become popular, yet within recent
years the pastime has made enormous
strides.

Formerly the leading players were
members of the Anglo-American com-
munities settled at Yokohama and
Kobe, but Japanese golfers have now
taken up the game so keenly that for
some years past the holder of the
championship of Japan has been a
Japanese.

The prince regent, who was mar-
ried recently, is one of the most
enthusiastic golfers in the country.
The Japanese national costume does
not lend itself to golf, and nearly all
Japanese golfers wear the regulation
"plus fours."

In the Japanese paper Gofdom,
which is printed partly in Japanese
and partly in English, the following
story is told (in English): "Oh, sir,
ye see, anybody can teach these lad-
dies" (meaning the students of the
university); "anybody can teach these
laddies Latin and Greek; but gowt,
ye see, sir, gowt requires a field."

One of the most noticeable differ-
ences in the Japanese game is the lack
of bad language! Japanese contains
no swear words; the worst term of
abuse is "baka," which means "fool."
But Japanese golfers, we are told, are
rapidly making up for this deficiency
by learning English!

BANKRUPT'S PETITION FOR DIS- CHARGE AND ORDER OF NO- TICE THEREON

In the District Court of the United
States, for the Fifth Division, District
of Minnesota.

In the Matter of Henry Olson, Bank-
rupt No. 2357, in Bankruptcy.
To the Honorable William A. Cant,
Judge of the District Court of the
United States for the District of
Minnesota.

Your petitioner herein, Henry Olson,
of Deerwood, in the County of Crow
Wing, and State of Minnesota, in said
District, respectfully represents that on
the 17th day of May, A. D. 1923, last
past, he was duly adjudged bankrupt
under the acts of Congress relating to
bankruptcy; that he has duly surren-
dered all his property and rights of prop-
erty, and has fully complied with all the
requirements of said acts and of the
orders of the court touching his bank-
ruptcy.

WHEREFORE, he prays that he may
be decreed by the court to have a full
discharge from all debts provable
against his estate under said bankruptcy
acts, except such debts as are excepted
by law from such discharge.
Dated this 28th day of April, A. D.
1924.

HENRY OLSON,
Bankrupt.

Order of Notice

District of Minnesota, ss:
On this 12th day of May, A. D. 1924,
on reading the Petition for Discharge of
the above-named Bankrupt, it is—

ORDERED By the Court, that a hear-
ing be had upon the same on the 28th
day of June, A. D. 1924, before the said
court, at Duluth, in said District, at ten
o'clock in the forenoon; and that notice
thereof be published in The Brainerd
Dispatch, a newspaper printed in said
district, and that all known creditors
and other persons in interest may ap-
pear at the said time and place and
show cause, if any they have, why the
prayer of the said petitioner should not
be granted.

And it is further ordered by the court,
that the clerk shall send, by mail, to all
known creditors, copies of said petition
and this order, addressed to them at
their places of residence, as stated.

WITNESS The Honorable WILLIAM
A. CANT, Judge of the said court, and
the seal thereof, at Duluth, in said dis-
trict, on the 12th day of May, A. D. 1924.

KIDNEYS NEED LOTS OF WATER AT TIMES

Most folks forget that the kidneys

gish and clogged and need a flush-
ing occasionally, else we have back-
ache and dull misery in the kidney
region, severe headaches, rheumatic
twinges, torpid liver, acid stomach,
sleeplessness and all sorts of bladder
disorders.

You simply must keep your kid-
neys active and clean and the mo-
ment you feel an ache or pain in the
kidney region begin drinking lots of
water. Also get about four ounces
of Jad Salts from any good drug store
here, take a tablespoonful in a glass
of water before breakfast for a few
days and your kidneys may then act
fine. This famous salts is made from
the acid of grapes and lemon juice,
combined with lithia, and is intend-

stimulate them to activity. It also

ine so they no longer irritate, thus
helping to relieve bladder disorders.

FIRST FLOOR PLAN

SECOND FLOOR PLAN

THE CHILWORTH

A Two-Story House of Economical Design.

In the Chilworth we have a splendid example of what can be done toward interesting arrangement in the block type of house. No one would ever guess in passing this house that the floor plan was so nearly square. The low roof with its wide overhang and the long roof line of the porch are most effective in overcoming the boxlike effect. Grouping of the windows and the long rectangular openings of the porch also help materially. Another intelligent idea was that of the artistic corner entrance.

From the entrance we step into a large vestibule lighted by a side window and having a coat closet

with double doors. Two low broad steps take us up to the main floor level into the living room. The immense fireplace and generous proportions of the room are its chief features although the vista provided by French doors to the porch and the front window grouping add greatly to its attractiveness.

The wide opening separating the dining room from the living room gives a dignified effect to both rooms and gives each the benefit of light and air from the porch. In the kitchen every provision has been made to lighten the work there as much as possible. Cabinets, cupboards, sink and work table are all adjacent to each other and in good light. The range is set well out of the way and there is a closet for the heavier kitchen articles and cleaning equipment. There is a door to the living room giving quick access to the front door and

the stairs. On the second floor the three bedrooms, bath and linen closet open off a central hall. Of particular interest are the large closets in the bedrooms and the luxurious bath which has bathtub and shower as well as a cabinet for linen storage.

Placed with its widest dimensions toward the front, this house requires a lot 50 feet wide, but by building the porch at the back a narrower lot could be used.

Chamois Skin Demand

There has been an increase in the production of chamois skins in the Nord district of France. The estimated production of 1923 was 125,000 dozen skins, compared with 120,000 in 1922. The local glove industry absorbed the major part of the production, and there has been a marked increase in the shipments to the United States, which took 10,953 dozen chamois skins, valued at \$235,820, in 1923, as compared with 2,888 dozen skins, valued at \$68,172 in 1922, and 5,662 dozen skins, valued at \$77,099, in 1921.

THE CHILWORTH

A Two-Story House of Economical Design.

In the Chilworth we have a splendid example of what can be done toward interesting arrangement in the block type of house. No one would ever guess in passing this house that the floor plan was so nearly square. The low roof with its wide overhang and the long roof line of the porch are most effective in overcoming the boxlike effect. Grouping of the windows and the long rectangular openings of the porch also help materially. Another intelligent idea was that of the artistic corner entrance.

From the entrance we step into a large vestibule lighted by a side window and having a coat closet

with double doors. Two low broad steps take us up to the main floor level into the living room. The immense fireplace and generous proportions of the room are its chief features although the vista provided by French doors to the porch and the front window grouping add greatly to its attractiveness.

The wide opening separating the dining room from the living room gives a dignified effect to both rooms and gives each the benefit of light and air from the porch. In the kitchen every provision has been made to lighten the work there as much as possible. Cabinets, cupboards, sink and work table are all adjacent to each other and in good light. The range is set well out of the way and there is a closet for the heavier kitchen articles and cleaning equipment. There is a door to the living room giving quick access to the front door and

Ancient City Dying

Fifteen miles from Laguna, N. M., stands Acoma, the City of the Sky. Not 50 years after Columbus discovered America, Friar Marcos, a Franciscan monk, heard of the Pueblos, "the people of the white rock." There is little reason to doubt that the community came into existence hundreds of years before the white man first saw the plains of our Southwest. It was an independent community then; it is an independent community today.

It is evident that this age-old city is fast approaching its end. The old people cling to the old customs, but they are dying off, and tradition is dying with them. Of late years the younger generation has been going off to surrounding ranches to work for white men. The present population is given as 600, but that includes all the Acoma Indians who come back to the parent city for brief visits.—Foster Wright, in Mentor Magazine.

Mrs. Christina Cardle, Mother of A. P. Cardle, Died in St. Paul

The St. Paul Dispatch gives this account of the death of Mrs. Christina Cardle, mother of A. P. Cardle, who died in St. Paul:

Mrs. Christina Cardle, 84 years old, a resident of Minnesota for forty years, died at 5 A. M. Wednesday at her home, 823 Ottawa avenue. Old age infirmities caused her death.

Mrs. Cardle came from Dunning, Scotland, where she was born, when she was 17 years old. She settled in New York state, later moving to Wisconsin and then to Minnesota.

Surviving her are three daughters, Mrs. H. E. Wescott of Hibbing, Minn.; Mrs. J. T. Spiel and Mrs. R. T. Gourley, St. Paul, and five sons, James, John, Alexander, all of St. Paul; Angus, Brainerd, Minn., and E. L., Spokane, Wash.

Private funeral services took place at 3 P. M. Thursday at the family residence. Burial was made at Oakland cemetery.

IMPROVEMENTS IN BRAINERD

Various Residences Are Being Remodeled, and Many Painted

W. S. OTIS STARTS NEW HOME Will Erect Residence at Corner of North Broadway and Holly Streets

Several improvements in Brainerd homes are being made this week, and one new residence started.

John Cummins, 213 Third avenue, Northeast, is remodeling that house and making it over into a bungalow. George Donant is doing the work, which is expected to be completed by June 1st.

W. W. Smythe, 513 North Ninth street, has added several rooms to his duplex dwelling, and George Thomas, 511 North Ninth street, has reshingled his home and made several other improvements.

John Olson, 113 Third Avenue, Northeast, is painting his dwelling this week, and others have already made a similar improvement.

W. S. Otis broke ground on Friday morning for a new home at the corner of North Broadway and Holly streets, just north of the C. H. Paine residence. John Olson is doing the work.

Arthur Benson has built a garage on his lot at 811 3rd Ave., N. E. Mr. Benson contemplates building a home there in the near future.

PEQUOT BOY GETS NEWSPAPER MENTION

In a recent issue, the Minneapolis Tribune said:

Scoutmaster Clarence Bakken, Troop 9, of Minneapolis, became a Scout April 1, 1920, at Pequot. He became first class July 1, 1920, and secured four merit badges on that date. September 28, 1920, he became assistant scoutmaster and acted in that capacity until October 1, 1923, when he moved to Minneapolis and became scoutmaster of Troop No. 9 of the First Congregational church. In January, 1924, he secured the rank of Star scout.

Then followed one of the most extraordinary records ever known in connection with a scoutmaster. After four years of scouting, both as a scout and an official during which time he secured 10 merit badges, Mr. Bakken became obsessed with a desire to become an Eagle scout. In order to accomplish this desire, he passed 21 merit badges between March 26 and April 5, 1924, thereby not only securing the 21 badges necessary for the Eagle rank but the additional 10 required for the local rank of Silver Eagle.

Mr. Bakken is a student at the University of Minnesota, and secured the 21 merit badges during the University spring vacation.

CHILD WELFARE BOARD REVIEW

Mrs. W. H. Gemmell Served County as Chairman of Board as a Mother, Not as a Taxpayer

STATES HER CONCLUSIONS

Children, in Last Analysis, Are the Most Valuable Crop in This County

This is the second portion of Mrs. W. H. Gemmell's report on the work of the local Child Welfare Board, the first installment of which appeared in Friday's Dispatch.

I personally have served Crow Wing county at chairman of its Child Welfare Board, as a mother, not as a taxpayer. Not that I am not interested that taxes should not become too great a burden. I am thus interested. I only plead that in making out the budget, the children, the county's most valuable crop, always receive consideration.

As a mother I represent a most dangerous occupation—more dangerous they say to be a mother, than to have been a U. S. soldier in the world war, and more dangerous in the United States than in thirteen other of the civilized nations of the globe. Still more dangerous is it to be an infant under one year of age. And a map of statistics recently published shows that it is more dangerous to be such an infant in Crow Wing county than in any other county of the state, save four.

I was honored last Saturday night, together with over eleven hundred other mothers, in being a guest of the University of Minnesota in observance of Mother's Day. It was a memorable and significant occasion. I wish some of the representative mothers of the county might meet here in Brainerd for luncheon occasionally, to talk over the work of the Child Welfare Board and other subjects of public welfare import.

Sounds something like the Rotarians or Lions, doesn't it? Well, I don't know just what name I would favor, but this I do favor, a luncheon meeting occasionally at which representative women of the county will become acquainted and talk over matters of common interest. I commend this infant idea to you, with all good wishes for its growth, and believing it will grow, as I know the idea exists in other minds as well as in mine.

You frequently hear the question discussed as to whether or not young people are worse than they used to be. The world never saw such wonderful young people as we have today. But it is also a time of greater temptation for young people than ever before. The world has not caught up in the matter of establishing safeguards against the new temptations, so some fall. It is with these who fall that the Child Welfare board has to do.

A normal school teacher said to me recently, "I consider the Child Welfare laws of Minnesota an expression of real Christianity; they are drawn up for the protection of those little children who are defective, dependent, neglected, those whose father and mother have forsaken." It is a wonderful, a new development of Christianity to have the law back of little children, yet it is astonishing how indifferent clergymen and other Christians often seem to be about understanding and supporting these laws. Every law limits the freedom of the individual. But every good law is meant to lead him and all society into a larger freedom and happiness.

We commend to you the county Child Welfare Board of the future, no longer an infant, but still young—still needing the mothering of the women of the country, and the strong support of its men. Does everyone here tonight know what a beautiful county our is? I believe everyone of us does know. Its pines, its lakes, its little meadows, its fruits and flowers, its open spaces where the sunshine floods the air, its cool and sweet retreats, its smooth straight highways, its winding, secluded paths, its cities, its villages, its little farm homes; ah, and would that every child might have its strong, protecting father, each its wise and gentle mother. But—

"Let us stop and look at every child. He is not alone for his mother, Nor alone for his father. But belongs to everyone of us; He is the dearest concern of us all."

Values

Our social order is safe just in so far as we can translate its values into terms of human life. The ultimate values are human values always; the sanctions of property itself are secondary; our last claim to our possessions is that we hold them for the common good.—Basil de Selincourt.

RETTE PROGRAM GIVEN

Riverside School Scene of Entertainment on Friday Evening, Many Participating

A very pretty program was given at the Riverside school on Friday evening. The teachers and students had decorated the room with lanterns and mock cherry blossoms, giving a charming spring appearance. At one end was an exhibition and sale of the work of the "opportunity room."

The members of the parent-teachers' association expressed their appreciation of the teachers by giving them a rising vote of thanks.

The following program was given: Songs, "Springtime," and "Springtime is Coming" by the intermediate room.

Japanese drill song, by four girls. Exercise and song, "Mother" by special room.

Song, "Pretty Little Dandelion," by primary room.

Recitation, "Rhythmic" by Eleanor Severin.

Garden song, by primary room.

Folk dances, by primary room, being the "Chenemaker's Dance" and "Bleking."

Song, "Apple Blossoms," by Bernice Anderson.

Song, "A Rainy Day" by four girls.

Song, "Froggie," by fourth and fifth grades.

Recitation, "Auntie's Dress," by Norma Wheeler.

Handkerchief drill by eight boys.

Recitation, "Something Else" Alvin Fox.

Calisthenics drills.

Concert by Cook's Kitchen band in intermediate room.

On May 29th the school will hold its annual community picnic.

Several improvements in Brainerd homes are being made this week, and one new residence started.

John Cummins, 213 Third avenue, Northeast, is remodeling that house and making it over into a bungalow. George Donant is doing the work, which is expected to be completed by June 1st.

W. W. Smythe, 513 North Ninth street, has added several rooms to his duplex dwelling, and George Thomas, 511 North Ninth street, has reshingled his home and made several other improvements.

John Olson, 113 Third Avenue, Northeast, is painting his dwelling this week, and others have already made a similar improvement.

W. S. Otis broke ground on Friday morning for a new home at the corner of North Broadway and Holly streets, just north of the C. H. Payne residence. John Olson is doing the work.

Arthur Benson has built a garage on his lot at 811 3rd Ave., N. E. Mr. Benson contemplates building a home there in the near future.

PEQUOT BOY GETS NEWSPAPER MENTION

In a recent issue, the Minneapolis Tribune said:

Scoutmaster Clarence Bakken, Troop 9, of Minneapolis, became a Scout April 1, 1920, at Pequot. He became first class July 1, 1920, and secured four merit badges on that date. September 28, 1920, he became assistant scoutmaster and acted in that capacity until October 1, 1923, when he moved to Minneapolis and became scoutmaster of Troop No. 9 of the First Congregational church. In January, 1924, he secured the rank of Star scout.

Then followed one of the most extraordinary records ever known in connection with a scoutmaster. After four years of scouting, both as a scout and an official during which time he secured 10 merit badges, Mr. Bakken became obsessed with a desire to become an Eagle scout. In order to accomplish this desire, he passed 21 merit badges between March 26 and April 5, 1924, thereby not only securing the 21 badges necessary for the Eagle rank but the additional 10 required for the local rank of Silver Eagle.

Mr. Bakken is a student at the University of Minnesota, and secured the 21 merit badges during the University spring vacation.

Have Two Languages

In the Gilbert Islands the men and women speak literally a different language in talking among themselves and the women do likewise. The difficulty of mutual intercourse is overcome by making the women use the masculine tongue when talking to the men. And the men do not trouble their heads about the other.

CHILD WELFARE BOARD REVIEW

Mrs. W. H. Gemmell Served County as Chairman of Board as a Mother, Not as a Taxpayer

STATES HER CONCLUSIONS

Children, in Last Analysis, Are the Most Valuable Crop in This County

This is the second portion of Mrs. W. H. Gemmell's report on the work of the local Child Welfare Board, the first installment of which appeared in Friday's Dispatch.

I personally have served Crow Wing county at chairman of its Child Welfare Board, as a mother, not as a taxpayer. Not that I am not interested that taxes should not become too great a burden. I am thus interested. I only plead that in making out the budget, the children, the county's most valuable crop, always receive consideration.

As a mother I represent a most dangerous occupation—more dangerous they say to be a mother, than to have been a U. S. soldier in the world war, and more dangerous in the United States than in thirteen other of the civilized nations of the globe. Still more dangerous is it to be an infant under one year of age. And a map of statistics recently published shows that it is more dangerous to be such an infant in Crow Wing county than in any other county of the state, save four.

I was honored last Saturday night, together with over eleven hundred other mothers, in being a guest of the University of Minnesota in observance of Mother's Day. It was a memorable and significant occasion. I wish some of the representative mothers of the county might meet here in Brainerd for luncheon occasionally, to talk over the work of the Child Welfare Board and other subjects of public welfare import. Sounds something like the Rotarians or Lions, doesn't it? Well, I don't know just what name I would favor, but this I do favor, a luncheon meeting occasionally at which representative women of the county will become acquainted and talk over matters of common interest. I commend this infant idea to you, with all good wishes for its growth, and believing it will grow, as I know the idea exists in other minds as well as in mine.

You frequently hear the question discussed as to whether or not young people are worse than they used to be. The world never saw such wonderful young people as we have today. But it is also a time of greater temptation for young people than ever before. The world has not caught up in the matter of establishing safeguards against the new temptations, so some fall. It is with these who fall that the Child Welfare board has to do.

A normal school teacher said to me recently, "I consider the Child Welfare laws of Minnesota an expression of real Christianity; they are drawn up for the protection of those little children who are defective, dependent, neglected, those whom father and mother have forsaken." It is a wonderful, a new development of Christianity to have the law back of little children, yet it is astonishing how indifferent clergymen and other Christians often seem to be about understanding and supporting these laws. Every law limits the freedom of the individual. But every good law is meant to lead him and all society into a larger freedom and happiness.

We commend to you the county Child Welfare Board of the future, no longer an infant, but still young—still needing the mothering of the women of the country, and the strong support of its men. Does everyone here tonight know what a beautiful county our is? I believe everyone of us does know. Its pine, its lakes, its little meadows, its fruits and flowers, its open spaces where the sunshine floods the air, its cool and sweet retreats, its smooth straight highways, its winding, secluded paths, its cities, its villages, its little farm homes; ah, and would that every child might have its strong, protecting father, each its wise and gentle mother. But—

"Let us stop and look at every child. He is not alone for his mother, Nor alone for his father."

But belongs to everyone of us; He is the deepest concern of us all."

Values

Our social order is safe just in so far as we can translate its values into terms of human life. The ultimate values are human values always; the sanctions of property itself are secondary; our last claim to our possessions is that we hold them for the common good.—Basil de Selincourt.

RETTE PROGRAM GIVEN

Riverside School Scene of Entertainment on Friday Evening. Many Participating

A very pretty program was given at the Riverside school on Friday evening. The teachers and students had decorated the room with lanterns and mock cherry blossoms, giving a charming spring appearance. At one end was an exhibition and sale of the work of the "opportunity room."

The members of the parent-teachers' association expressed their appreciation of the splendid cooperation of the teachers by giving them a rising vote of thanks.

The following program was given: Songs, "Springtime," and "Springtime is Coming" by the intermediate room.

Japanese drill song, by four girls. Exercise and song, "Mother" by special room.

Song, "Pretty Little Dandelion," by primary room.

Recitation, "Rhythmic" by Eleanor Severson.

Garden song, by primary room. Folk dances, by primary room, being the "Shoemaker's Dance" and "Bleking."

Song, "Apple Blossoms," by Bernice Anderson.

Song, "A Rainy Day" by four girls.

Song, "Froggie," by fourth and fifth grades.

Recitation, "Auntie's Dress," by Norma Wheeler.

Handkerchief drill by eight boys.

Recitation, "Something Else" Alvin Fox.

Calisthenics drills.

Concert by Cook's Kitchen band in intermediate room.

On May 29th the school will hold its annual community picnic.

6TH DISTRICT BANKERS TO MEET

Twenty-first Annual Convention to be Held in Long Prairie on May 21

R. J. TINKELPAUGH, SECRETARY

Expected to Have 100 Visitors Present, Including Many From Twin Cities

The twenty-first annual convention of the Sixth District Bankers' Association is to be held in Long Prairie Wednesday, May 21, beginning at 10 o'clock in the morning. It is expected that there will be about one hundred visitors present. Bankers from throughout the sixth district will attend and some of the leading bankers of the Twin Cities will also be present.

Local arrangements are under the direction of a committee composed of Harry Lee, Albert J. Rhoda and Henry Schroeder. The following is the program:

Invocation—Rev. W. J. Medland. Address of Welcome—Rudolph Lee of the Long Prairie Leader.

Response—O. M. Wanvig, Vice-President, First National Bank, Deerwood.

Greetings from the State Association—President C. A. Chapman.

Appointment of committees. Address—Secretary G. H. Richards, of the State Association.

1:30 P. M.

Address, "Resources of the State of Minnesota"—Ray P. Chase, State Auditor.

Address, "Eradication of Tuberculosis in Live Stock"—W. A. Peck, Live Stock Commissioner, South St. Paul.

Discussion, Round Table, led by A. C. Wedge, President, First National Bank, Park Rapids.

Report of committees.

Election of officers.

Adjournment.

At 7 o'clock that evening there will be a banquet tendered the visitors by the bankers of Long Prairie. The dinner is to be served at the Reichert Hotel and Landlord Ross is planning an elaborate menu. It is expected that quite a number of ladies will accompany the visiting bankers and arrangements are to be made by a committee of local ladies to entertain them. The following are the officers of the Sixth District association.

President—L. E. Perkins, First National Bank, Verndale.

Vice-President—W. L. Merrick, First State Bank, Crosby.

Secretary—R. J. Tinkelpaugh, Citizens State Bank, Brainerd.

WILL DEMPSEY BE ALLOWED TO FIGHT FOUL? —H. L. Farrell

By HENRY L. FARRELL
United Press Sports Editor

New York, May 17.—Selection of a referee with a name and a reputation big enough to assure a strict observance of the rules and a fair break for both fighters will be one of the hardest jumps to take in the completion of arrangements for the Dempsey-Wills heavyweight fight.

It will be recalled that the heavyweight champion, quoting past precedent, assumes that it is his privilege to have 90 per cent of the say about the referee and it will be remembered also that the champion is very particular about the man shoved in the ring to order the breaking and to pass judgment upon the blows.

Dempsey has no fear of an adverse decision in the proposed fight, because Tex Rickard has decided upon Jersey City as the scene of the battle and decisions are not permitted in the state of New Jersey. When Dempsey was signed to meet Tom Gibbons in Shelby last summer, he demanded the right to name his own rules and appoint his own referee. He had to go to a decision in Montana and he wanted to take no chances on a cowboy referee. He also was to fight the clearest heavyweight in the game and he wanted no rules that would be of assistance to a clever fighter. He won every point he held out for, simply because Gibbons was most eager to get him into the ring at a sacrifice of all rights and privileges.

Already, although it has not come directly from Dempsey, the warning has been sounded that the New Jersey boxing officials must exercise the utmost zeal and caution in appointing a referee who will not allow Wills to hold and hit. Wills has the name of depending almost entirely upon a body punch that is scored by getting his long left arm around an opponent's neck and pulling his rival's body into a hard right to the body or an uppercut to the jaw. Wills has been harassed greatly because of the belief that he has to foul to do his most effective fighting.

Perhaps Dempsey will say nothing. He will not be consistent if he does, because he should know that Wills and his manager can say to the New Jersey commission: "You get someone in the ring who will not allow Dempsey to hook a couple of rights to the jaw after the gong sounds and who will not let him hit while his man is down, as he did against Firpo."

Wills can also ask the referee to brush up Dempsey's mind on the exact location of the lines on the anatomy below which it is foul to strike. Tom Gibbons went out of the ring at Shelby with a blue mark as big as a tin cup very low on his groin. It was the lowest and most painful blow of a number that Dempsey landed below the belt.

BRAINERD HIGH LOST TO ST. CLOUD

LOCALS SCORED FIRST BUT THE
FINAL SCORE READ 12
TO 1 FRIDAY

(By L. P.)

Although Brainerd high scored first, they lost to St. Cloud high school Friday, 12 to 1 in a slow game.

Brainerd played great ball for three innings and then they blew all to pieces. Mölstad fanned five men in three innings, but his support was loose.

Brainerd scored in the second inning when Fogelstrom doubled and scored on Mölstad's hit.

St. Cloud scored their runs on errors by Peterson and St. Cloud worked the hit and run play to perfection.

The box score:

BRAINERD FISHING CLUB MEETS SOON

The Brainerd Fishing club which was organized a year ago will hold their annual at Walker some time early next month. A business meeting will be called some time next week to discuss further plans for this fishing trip. Members will receive a notice as to the date of this meeting.

GIBBONS-CARP GO SEEMS ASSURED

Michigan City, Ind., May 16.—Fear that the Tom Gibbons-Georges Carpentier scrap carded here on May 31 might never be held because of outside interference has been largely dispelled. Both principals are safely lodged in their training camps near the scene of the fight.

Georges Carpentier, smiling idol of France and former light heavyweight champion of the world, ended his long journey from Paris and settled down in the same cottage where Jack Dempsey once trained for a match with Bill Brennan.

Gibbons went through his usual round of training activities apparently unconcerned as the curious on-lookers moved from his camp to that of the Frenchman.

Arrival of Carpentier and the statement of his managers that there was no possibility of Billy Gibson interfering with the fight resulted in increased ticket buying.

Total sales have now passed the \$70,000 mark with the fight more than two weeks off, so Floyd Fitzsimmons, chief promoter, announced.

Somewhat weary because of the long trip which he made, Georges spent the first day after his arrival here in resting and taking in the scenery. He will start soon, however, on a rigid training grind.

Carpentier expressed a desire to obtain a return match with either Jack Dempsey or Mike McTigue "after I dispose of Mr. Gibbons."

Gibbons, however, does not believe he is going to be so easily disposed of. Although recognizing the ability of the speedy Frenchman and the danger of his famous "flying right," the St. Paul boxer is confident he can stop his opponent.

Record Frigidity

According to the United States weather bureau "the extreme low temperature for this country occurred at Miles City, Mont., in 1888, when a record of 65 degrees below zero was attained." Orris W. Roberts, meteorologist with the government weather bureau station at Bismarck, N. D., reports: "For the past forty to fifty years we have maintained minimum thermometers in all parts of the state, and while it is human nature to like to excel a record, the lowest temperature (official) ever recorded in North Dakota was 56 degrees below zero at Goodall, McKenzie county."

FISHING PARTY PLANNED

Many Will Open Pike Season at Merritt Lodge on Leech Lake

Fishermen in many parts of Minnesota have been invited to open the general fishing season by attending the second annual fishing party to be staged by Minnesota's 10,000 Lakes Fishing club at Merritt Lodge on the south shore of Leech lake, May 18. J. F. Gould, state game and fish commissioner; D. A. Peterson, chief game warden, and other representatives of the department will attend the fishing party. Invitations have been sent to members of the club and other fishermen by W. C. Mannis of Brainerd, chairman of the expedition.

The season for taking pike, pickerel, crappies and other species excepting bass, opens May 15. Many invited guests from St. Paul plan to motor to Walker Saturday, May 17.

The steamer Magewat has been chartered to carry the visitors from Walker through the bays and narrows to Merritt Lodge, about fourteen miles distant. It will leave the Walker dock at 7 A. M., May 18. A big pike fry will be served in the open at 1 P. M.

Coming to the Lyceum Sunday

Toinette, known as "The Humming Bird," is head of a gang of Apache thieves in the slum quarters of Paris, where she dances for the amusement of society visitors—to rob them. She is saucy, alert, amusing, and Randall Carey, an American reporter, falls in love with her.

The war comes and Carey enlists in the Foreign Legion. Toinette kisses him goodbye. In the days that follow, Toinette is jailed for a

petty theft and in prison learns that Randall has been wounded. Zeppelins set fire to the prison. Toinette escapes to the home of Carey's aunt. Randall recovers, and the authorities come—not in search of "The Hum-

ming Bird," but to decorate "Toinette of the Wolves of Montmartre" with the Croix de Guerre for recruiting those heroes—the Wolves.

After "Zaza," a wonderful picture, the public is going to be crazy to see Gloria Swanson in "Zaza" roles. "The Humming Bird" presents her in the "Zaza" type of picture but with a plot totally different, and is considered Miss Swanson's greatest picture.

Added Attraction at New Park at Regular Prices

"The Famous Five Petrels," a novelty orchestra enroute from Chicago to the coast, has been booked to play at the New Park on Sunday evening. The boys that put the pep in jazz will introduce some new and novel features in conjunction with the picture program. Another treat at regular prices. Don't miss it.

Corinne Griffith and Conway Tearle
are Splendid in Co-Starring Parts

There will be a picture shown at the New Park tonight, Sunday and Monday that we urge all our readers to see, because in our estimation it has not been excelled as an emotion-stirring photodrama, and because it contains the finest cast that we have ever beheld in a single production.

The offering is "Lilies of the Field," a First National picture co-starring Corinne Griffith and Con-

way Tearle, supported by Sylvia Breamer, Myrtle Stedman, Alma Bennett, Crawford Kent, Charles Murray, Phyllis Haver, Cissy Fitzgerald, Edith Ransom and Charles Gerrard. All of those names are familiar to you, and we believe you will agree with us that they represent a cast of unusual excellence.

"Lilies of the Field" was adapted from the stage success by William Hurlbut, and was directed by John Francis Dillon, who made "Flaming Youth."

Traditions of Old West Make Picture

Duty first was the rule those days and it is again in the picture. Farnum, as the young Ranger who has dedicated his life to duty, plays an attractive role with characteristic ability. Peggy Shaw, former Follies girl, plays opposite him as the clergyman's daughter with whom he is in love.

BANKRUPT'S PETITION FOR DISCHARGE AND ORDER OF NOTICE THEREON

In the District Court of the United States, for the Fifth Division, District of Minnesota.

In the Matter of Andrew Northberg, Bankrupt No. 2367, in Bankruptcy. To the Honorable William A. Cant, Judge of the District Court of the United States for the District of Minnesota.

Your petitioner herein, Andrew Northberg, of Crosby, in the County of Crow Wing, and State of Minnesota, in said District, respectfully represents that on the 24th day of May, A. D. 1923, last past, he was duly adjudged bankrupt under the acts of Congress relating to bankruptcy; that he has duly surrendered all his property and rights of property, and has fully complied with all the requirements of said acts and of the orders of the court touching his bankruptcy.

WHEREFORE, he prays that he may be decreed by the court to have a full discharge from all debts provable against his estate under said bankrupt acts, except such debts as are excepted by law from such discharge. Dated this 26th day of April, A. D. 1924. ANDREW NORTHBERG, Bankrupt.

Order of Notice

On this 12th day of May, A. D. 1924, on reading the Petition for Discharge of the above-named Bankrupt, it is ORDERED By the Court, that a hearing be had upon the same on the 28th day of June, A. D. 1924, before the said Court, at Duluth, in said district, at ten o'clock in the forenoon; and that notice thereof be published in The Brainerd Dispatch, a newspaper printed in said district, and that all known creditors and other persons in interest may appear at the said time and place and show cause, if any they have, why the prayer of the said petitioner should not be granted.

And it is further ordered by the court, that the clerk shall send, by mail, to all known creditors, copies of said petition and this order, addressed to them at their places of residence as stated.

WITNESS, the Honorable WILLIAM A. CANT, Judge of the said court, and the seal thereof, at Duluth, in said district, on the 12th day of May, A. D. 1924. JOEL M. DICKEY, (Seal of the Court) Clerk.

WILL DEMPSEY BE ALLOWED TO FIGHT FOUL?

—H. L. Farrell

By HENRY L. FARRELL
United Press Sports Editor

New York, May 17.—Selection of a referee with a name and a reputation big enough to assure a strict observance of the rules and a fair break for both fighters will be one of the hardest jumps to take in the completion of arrangements for the Dempsey-Willis heavyweight fight.

It will be recalled that the heavyweight champion, quoting past precedent, assumes that it is his privilege to have 90 per cent of the say about the referee and it will be remembered also that the champion is very particular about the man shoved in the ring to order the breaking and to pass judgment upon the blows.

Dempsey has no fear of an adverse decision in the proposed fight, because Tex Rickard has decided upon Jersey City as the scene of the battle and decisions are not permitted in the state of New Jersey. When Dempsey was signed to meet Tom Gibbons in Shelby last summer, he demanded the right to name his own rules and appoint his own referee. He had to go to a decision in Montana and he wanted to take no chances on a cowboy referee. He also was to fight the cleverest heavyweight in the game and he wanted no rules that would be of assistance to a clever fighter. He won every point he held out for, simply because Gibbons was most eager to get him into the ring at a sacrifice of all rights and privileges.

Already, although it has not come directly from Dempsey, the warning has been sounded that the New Jersey boxing officials must exercise the utmost zeal and caution in appointing a referee who will not allow Willis to hold and hit. Willis has the name of depending almost entirely upon a body punch that is scored by getting his long left arm around an opponent's neck and pulling his rival's body into a hard right to the body or an uppercut to the jaw. Willis has been harassed greatly because of the belief that he has to foul to do his most effective fighting.

Perhaps Dempsey will say nothing. He will not be consistent if he does, because he should know that Willis and his manager can say to the New Jersey commission: "You get someone in the ring who will not allow Dempsey to hook a couple of rights to the jaw after the gong sounds and who will not let him hit while his man is down, as he did against Firpo."

Willis can also ask the referee to brush up Dempsey's mind on the exact location of the lines on the anatomy below which it is foul to strike. Tom Gibbons went out of the ring at Shelby with a blue mark as big as a tin cup very low on his groin. It was the lowest and most painful blow of a number that Dempsey landed below the belt.

BRAINERD HIGH LOST TO ST. CLOUD

LOCALS SCORED FIRST BUT THE
FINAL SCORE READ 12
TO 1 FRIDAY

By L. P.

Although Brainerd high scored first, they lost to St. Cloud high school Friday, 12 to 1 in a slow game.

Brainerd played great ball for three innings and then they blew all to pieces. Molstad fanned five men in three innings, but his support was loose.

Brainerd scored in the second inning when Fogelstrom doubled and scored on Molstad's hit.

St. Cloud scored their runs on errors by Peterson and St. Cloud worked the hit and run play to perfection.

The box score:

BRAINERD FISHING CLUB MEETS SOON

The Brainerd Fishing club which was organized a year ago will hold their annual at Walker some time early next month. A business meeting will be called some time next week to discuss further plans for this fishing trip. Members will receive a notice as to the date of this meeting.

GIBBONS-CARP GO SEEMS ASSURED

Michigan City, Ind., May 16.—Fear that the Tom Gibbons-Georges Carpenter scrap carded here on May 31 might never be held because of outside interference has been largely dispelled. Both principals are safely lodged in their training camps near the scene of the fight.

Georges Carpenter, smiling idol of France and former light heavyweight champion of the world, ended his long journey from Paris and settled down in the same cottage where Jack Dempsey once trained for a match with Bill Brennan.

Gibbons went through his usual round of training activities apparently unconcerned as the curious on-lookers moved from his camp to that of the Frenchman.

Arrival of Carpenter and the statement of his managers that there was no possibility of Billy Gibson interfering with the fight resulted in increased ticket buying.

Total sales have now passed the \$70,000 mark with the fight more than two weeks off, so Floyd Fitzsimmons, chief promoter, announced.

Somewhat weary because of the long trip which he made, Georges spent the first day after his arrival here in resting and taking in the scenery. He will start soon, however, on a rigid training grind.

Carpenter expressed a desire to obtain a return match with either Jack Dempsey or Mike McTigue "after I dispose of Mr. Gibbons."

Gibbons, however, does not believe he is going to be so easily disposed of. Although recognizing the ability of the speedy Frenchman and the danger of his famous "flying right," the St. Paul boxer is confident he can stop his opponent.

Record Frigidity

According to the United States weather bureau "the extreme low temperature for this country occurred at Miles City, Mont., in 1888, when a record of 65 degrees below zero was attained." Orris W. Roberts, meteorologist with the government weather bureau station at Bismarck, N. D., reports: "For the past forty to fifty years we have maintained minimum thermometers in all parts of the state, and while it is human nature to like to excel a record, the lowest temperature (official) ever recorded in North Dakota was 56 degrees below zero at Goodall, McKenzie county."

Ice Cream Produces Heat

Ice cream may temporarily cool the throat, but it produces heat in the body.

FISHING PARTY PLANNED

Many Will Open Pike Season at Merritt Lodge on Leech Lake

Fishermen in many parts of Minnesota have been invited to open the general fishing season by attending the second annual fishing party to be staged by Minnesota's 10,000 Lakes Fishing club at Merritt Lodge on the south shore of Leech lake, May 18. J. P. Gould, state game and fish commissioner; D. A. Peterson, chief game warden, and other representatives of the department will attend the fishing party. Invitations have been sent to members of the club and other fishermen by W. C. Mannis of Brainerd, chairman of the expedition.

The season for taking pike, pickerel, crappies and other species excepting bass, opens May 15. Many invited guests from St. Paul plan to motor to Walker Saturday, May 17. The steamer Magewat has been chartered to carry the visitors from Walker through the bays and narrows to Merritt Lodge, about fourteen miles distant. It will leave the Walker dock at 7 A. M., May 18. A big pike fry will be served in the open at 1 P. M.

A bathing cap, automobile grease gun and can of soda lime are among the parts of a simply constructed apparatus designed to teach medical students how to measure gases breathed.

Coming to the Lyceum Sunday

Toinette, known as "The Humming Bird," is head of a gang of Apache thieves in the slum quarters of Paris, where she dances for the amusement of society visitors—to rob them. She is saucy, alert, amusing, and Randall Carey, an American reporter, falls in love with her.

The war comes and Carey enlists in the Foreign Legion. Toinette kisses him goodbye. In the days that follow, Toinette is jailed for a

petty theft and in prison learns that Randall has been wounded. Zeppelins set fire to the prison. Toinette escapes to the home of Carey's aunt. Randall recovers, and the authorities come—not in search of "The Hum-

ming Bird," but to decorate "Toinette of the Wolves of Montmartre" with the Croix de Guerre for recruiting those heroes—the Wolves.

After "Zaza," a wonderful picture, the public is going to be crazy to see Gloria Swanson in "Zaza" roles. "The Humming Bird" presents her in the "Zaza" type of picture but with a plot totally different, and is considered Miss Swanson's greatest picture.

Added Attraction at New Park at Regular Prices

"The Famous Five Petrels," a novelty orchestra enroute from Chicago to the coast, has been booked to play at the New Park on Sunday evening. The boys that put the pep in jazz will introduce some new and novel features in conjunction with the picture program. Another treat at regular prices. Don't miss it.

Corinne Griffith and Conway Tearle
are Splendid in Co-Starring Parts

There will be a picture shown at the New Park tonight, Sunday and Monday that we urge all our readers to see, because in our estimation it has not been excelled as an emotion-stirring photodrama, and because it contains the finest cast that we have ever beheld in a single production.

The offering is "Lilies of the Field," a First National picture co-

way Tearle, supported by Sylvia Breamer, Myrtle Stedman, Alma Bennett, Crauford Kent, Charles Murray, Phyllis Haver, Cissy Fitzgerald, Edith Ransom and Charles Gerard. All of those names are familiar to you, and we believe you will agree with us that they represent a cast of unusual excellence.

"Lilies of the Field" was adapted from the stage success by William Hurlburt, and was directed by John Francis Dillon, who made "Flaming Youth."

DUSTIN FARNUM supported by PEGGY SHAW

Traditions of Old West Make Picture
Duty first was the rule those days and it is again in the picture. Farnum, as the young Ranger who has dedicated his life to duty, plays an attractive role with characteristic ability. Peggy Shaw, former Follies girl, plays opposite him as the clergyman's daughter with whom he is in love.

BANKRUPT'S PETITION FOR DISCHARGE AND ORDER OF NOTICE THEREON

In the District Court of the United States, for the Fifth Division, District of Minnesota.

In the Matter of Andrew Northberg, Bankrupt. No. 2867. In Bankruptcy. To the Honorable William A. Cant, Judge of the District Court of the United States for the District of Minnesota.

Your petitioner herein, Andrew Northberg, of Crosby, in the County of Crow Wing, and State of Minnesota, in said District, respectfully represents that on the 24th day of May, A. D. 1923, last past, he was duly adjudged bankrupt under the act of Congress relating to bankruptcy; that he has duly surrendered all his property and rights of property, and has fully complied with all the requirements of said act and of the orders of the court touching his bankruptcy.

WHEREFORE, he prays that he may be decreed by the court to have a full discharge from all debts provable against his estate under said bankruptcy acts, except such debts as are excepted by law from such discharge.

Dated this 26th day of April, A. D. 1924.

ANDREW NORTHBERG, Bankrupt.

Order of Notice

District of Minnesota, ss: On this 12th day of May, A. D. 1924, on reading the Petition for Discharge of the above-named Bankrupt, it is—

ORDERED: By the Court, that a hearing be had upon the same on the 28th day of June, A. D. 1924, before the said Court, at Duluth, in said district, at ten o'clock in the forenoon; and that notice thereof be published in The Brainerd Dispatch, a newspaper printed in said district, and that all known creditors and other persons in interest may appear at the said time and place and show cause, if any they have, why the prayer of the said petitioner should not be granted.

And it is further ordered by the court, that the clerk shall send, by mail, to all known creditors, copies of said petition and this order, addressed to them at their places of residence as stated.

WITNESS, the Honorable WILLIAM A. CANT, Judge of the said court, and the seal thereof, at Duluth, in said district, on the 12th day of May, A. D. 1924.
